Raging Waters Operates Four Chance TramstarHD People Movers

Wichita, Kan. — Throughout the spring and early summer months of 2008 Chance delivered four Tramstar™ HD people movers to Raging Waters in San Dimas, California.

Specialty Vehicles, Henderson, Nev., the exclusive distributor for the Tramstar product line sold the heavy duty vehicles to the water park for use as parking lot shuttles.

All of the Raging Waters Trams feature diesel engines and pull two trailing units. The Raging Waters logo and colors were used to personalize the vehicles and trailing units. Small luggage racks were also added to provide storage for coolers, chairs and other items brought to the park by guests.
