Wichita, Kan. — The Steel Lasso Suspended Family Coaster opened at Frontier City, Oklahoma City, Okla., on July 31, 2008. This is the first SFC to be built by Chance Morgan in partnership with Vekoma Rides and the first SFC in Oklahoma.

The new suspended track coaster allows riders to dangle their feet with unhindered views of the territory ahead. Steel Lasso's custom designed seats and restraints allow guests 39 inches or taller to join in the fun making this wild coaster one the entire family can enjoy together.

"We are extremely excited to bring this new type of family friendly ride to our guests," says Stephen Ball, general manager at Frontier City. "This one of a kind ride is just another example of the commitment we have to our guests of creating memorable entertainment experiences for the entire family."
